TALENT PLUS SPONSORS NSS CLUB CUP AWARD

June 24, 2026

Nebraska State Soccer is happy to announce Talent Plus as the official sponsor of the NSS Club Cup.

Talent Plus has a mission and commitment to identifying individuals' natural talent and potential, leading them to where they will succeed and perform best. The sponsorship of the NSS Club Cup is a perfect fit as we identify those excelling at their role in our youth soccer landscape, including clubs, coaches, spectators and referees.

The NSS Club Cup scores clubs based on their success in NYSL and Nebraska Cups, sportsmanship ratings and participation in the league's FairWhistle surveys. Winners of the NSS Club Cup will receive a financial contribution to their club's scholarship program to help keep more kids playing soccer in an environment that has proven its commitment to the community.

In addition, thanks to Talent Plus, we look forward to recognizing some exceptional individuals in our referee program who have shown leadership and commitment to our community by excelling as a Trainer for our Training League referees. This is a role that is vital to our program as trainers act as educators, protectors and the confidence booster new referees may need to step on the field, and to choose to come back for more games.

The 2026 winners for the NSS Club Cup and referee recognition will be announced in the coming weeks.
